

The RECESS Queen

We all have someone that comes to our mind when we think about the Recess Queen. It might not be the Queen of the playground...it could be the Queen or "Popular" kid of your school or class, the mean kid, the bossy kid, someone who doesn't follow the rules. I hate to think that at our school there are those kinds of kids but, I know it is something that does exist even if we don't want it to. Fortunately, we can work together to help make the situation better for you!

List or Draw the Strategies that you would use if someone was being mean to you.

If you can, write the specifics of what you would say and how you would do/say it below.

A large, empty white rectangular area provided for students to write their responses to the prompt above.
